Dear Parents/Carers,

Student Finance & HE Final Stages Information Evening

Student Finance Applications for students going to university in Sept 2023 will open in April. We will be holding an information session for parents on the application process and what students can claim. We will also be looking at the final steps of the university application process.

This will take place on Monday 30th January 2023 at 6pm on the Writhlington Site (in the theatre).

We would recommend attending even if you have applied for Student Finance in previous years as there have been changes to Student Finance for the coming year.

The purpose of this evening is to assist students in their applications and help them understand these changes. It will also outline the final stages of the UCAS application process and give you information to support your child in the final stages of their application to university.

If you have any queries please do not hesitate to contact me, Ms Oxley-Hughes, Ms Baber, Ms Sage or Ms Barker-Starling.

Yours sincerely,

Mrs K Ward

Director of Sixth Form
